

Dear Readers,

we would like to welcome herewith all our international readers whom we pay tribute to by changing the language of our Newsletter from German to English. I hope our German speaking readers will happily follow us on our way beyond national and language borders.

This Summer Newsletter is dedicated to three new exceptional speakers who stand each in their own way for the ability of reaching beyond limits - the limits to creativity, limits to excellence, limits to development. **If YOU are interested to inspire your staff & top-management to go BEYOND THEIR LIMITS get to know these speakers better.**

At the end of the Newsletter you will find, as usual, dates & information which might be interesting for you – not the least **our own expansion to the West and the East.**

### **INTRODUCING: PREETHIE NAIR, KARIN BUCHHOLZ, NIKKI STONE**

#### **PREETHIE NAIR, entrepreneurial author & company story teller:**

Preethi Nair has broken the ultimate limits of "impossible", creating a multi-national publishing company in her own living room when her manuscripts found only rejection, and an alter ego with such genius to be short listed for PPC Publicist of the Year. One of her clients' states: *"Within an event that boasted other speakers such as Bob Geldorf, she was the one most were impressed by and wanted to follow up with."* Read on: [PREETHIE NAIR](#)

#### **KARIN J. BUCHHOLZ (MBA), Sports Marketing & Fan Development Expert:**

Karin, once herself a professional Tennis player of international rank, is one of the most accomplished peak performers and over-achievers. For the **US Olympic Committee** she developed Athletes for all Olympic Sports and was in charge of International Relations. Now she pushes one of the most important US Basketball Teams "The Knicks" to success and puts her expertise to the profit of wide audiences. She instills purpose and energy in her team and her audiences which motivate them to go "beyond personal best" every day. Read on: [KARIN J. BUCHHOLZ](#)

#### **NIKKI STONE, Gold Medallist in Aerial Skiing:**

At the Olympic Winter Games in Nagano, Japan, Nikki Stone became America's first-ever Olympic Champion in the sport of inverted aerial skiing... when only less than two years earlier, a chronic spinal injury had prevented her from standing, much less walking or skiing off a 12-foot tall snow jump that launches aerialists 50 feet into the air. One of her clients states: *"What you said at the meeting is exactly what our sales employees needed to hear. I want to also thank you...for taking the time to go over with me what were the needs of our employees and then very strategically inserting it into your speech as if it was a total part of the program. I would highly recommend you to any company that is looking for a motivational speaker."* Read on: [NIKKI STONE](#)
